Greeting Form CEO...

We work for you

Having braced ourselves with corporate philosophy of perfection, reliability, punctuality and safety oriented services, we RAKAIZ UL AMAN Establishment, have to date built up a reputation and name in the industry which is second to none, and with a commitment to look forward and face up to the next generation of development with respect to attaining high standard within the industry. RAKAIZ UL AMAN Establishment is governed by tactically and idealistically powerful team. Along with them, we have a strong backup of employees who always share the thoughts and wisdom. The employees under the banner of RAKAIZ UL AMAN Establishment are showing enormous enthusiasm along with a will power to achieve the target.

With all these kind words we would like to be a part of your esteemed organization to work along step by step.

Contracting

Rental Vehicles
& Equipment's

Business Introduction

We take this opportunity to introduce ourselves to your esteemed organization. RAKAIZ UL AMAN Establishment is a 100% Saudi establishment, "RAKAIZ UL AMAN" focusing on business continuity solution and services in the field of General Contracting and renting Equipment's. Having professional Staff, keeping customer satisfaction as priority objective, We help our clients to improve the abilities of the executive to achieve their goals and objectives, the way they want it.

RAKAIZ UL AMAN's first goal is to provide you a group of those skilled guys who will work as a team to help our client to achieve their targets and desired goals

General Contracting

As a General Contractor, our services begin with pricing. We bid out the job in predetermined packages, and verify the validity of the bids using our extensive cost histories. During actual construction, we manage the day to day activity on the job, including safety, quality control and adherence to the schedule. We also provide bonding for the project and hold all subcontractor contracts, unless instructed to do otherwise by the owner. We have the ability to self-perform many aspects of our work, giving us greater control over the schedule and allowing us to truly drive the project.
